

OPEN POSITION:

**CO-FOUNDER & CTO**

### ABOUT SWIFE

SWIFE is a pre-seed startup that aims to radically simplify the frustrating and time-consuming search process for events & activities. At the same time, it enables hosts of such offerings to do more effective marketing. The core product is an innovative app that takes advantage of an intuitive swipe mechanism a user can leverage to easily plan their free time. Thereby SWIFE is able to recommend events & activities that suit the user's individual interests.

### ABOUT US

Gian

Max

YOU

We are a team of two fellow students from HHL Leipzig with experience from diverse fields, e.g. venture capital, startups, and strategy consulting. Together we are looking for a new team member to revolutionize the event & leisure industry.

### YOUR RESPONSIBILITY

You will be responsible for the development of our first market-ready MVP based on an existing prototype. This includes the development of a mobile app (in the first step only basic functionalities) as well as the development of a web-based interface with connection to a database. In cooperation with the entire founding team, you will take responsibility for development-related topics and have a decisive voice in future, strategic issues, e.g. onboarding additional developers.

### YOUR PROFILE

You are a fit if you bring the following characteristics:

- Knowledge about mobile and web app development. This includes the whole process, from the first line of code to publishing in the store(s)
- Proficiency in Flutter, React Native, or any other magic power to create a beautiful front end and a smart back end
- Ability to communicate in German and / or English language
- Motivation to reshape the way people plan their free time

### WHAT WE OFFER

When joining our team, you can expect:

- The chance to take ownership and be part of SWIFE's success story from the early days onwards
- Highly ambitious co-founders (both working full-time on the project) and a lot of fun (!)
- Flexible work hours and remote work
- Company shares

**INTERESTED?**

**LET'S TALK!**

- Please get in touch with us via [info@swife-app.com](mailto:info@swife-app.com) or **WhatsApp** (+49 152 04852620)
- No motivation letter, no CV – feel free to drop us a few lines about yourself and your experience
- Let's get to know each other in a personal chat! ☺
